## About Ashton and Melbourne

### Australia

Australia is the world's sixth-largest country by total area and has a population of approximately 26 million people, with most people living in one of the **6 major cities**:

- Melbourne
- Sydney
- Adelaide
- Perth
- Brisbane
- Darwin

The country is split into **states** and **territories** which are:

- Victoria
- New South Wales
- Queensland
- Northern Territory
- Australian Capital Territory
- Western Australia
- South Australia
- Tasmania

There are many reasons why students choose to study in Australia. Australia has a high-quality education system, warm weather, great beaches, good lifestyle, sports and strong working industries.

Australia is expected to continue to grow as a top destination for international students to study because of the excellent opportunities and the high standards of living.

### Melbourne

Melbourne is Australia's second largest city and the capital of the state of **Victoria** with a population of approximately 5 million people. It is a very large city spread out around Port Phillip Bay.

Melbourne is one of the most multicultural cities in the world with a lively cosmopolitan atmosphere for students to soak up and enjoy. The Central Business District (CBD) is located in the centre of Melbourne and is surrounded by many parks, gardens, sports arenas, entertainment centres and shopping centres.

The CBD is surrounded by suburbs - all of which have a unique identity and atmosphere to be explored. Melbourne has one of the largest tram networks in the world. The network consists of 493 trams, 25 routes and 1,763 stops across the city and its suburbs making it easy to get around. The Metro Train service also has 16 lines and 207 stations which extend further than the trams.

The CBD and suburbs have a vast range of restaurants serving food from just about every corner of the world.

Melbourne is surrounded by mountains, national parks and beaches that are easily accessible from the city, all of which can be accessed within 1-2 hours' drive from the CBD.

Melbourne and Victoria enjoy distinct seasons and a moderate climate that is in contrast to the searing heat for most of the year in some, more northern, parts of the country. This provides an opportunity to enjoy a variety of different indoor and outdoor activities throughout the year.

## Homestay

### What is homestay?

**H**omestay is a program of complete immersion into Australian culture and lifestyle where students are welcomed into the home of a local family to live in while they study. Arranging a homestay gives international students a family support network which is ready to help introduce them into Australian society.

Australian homes come in a variety of shapes and sizes. For example, some families live in an apartment, some in a townhouse and others in a freestanding house which may have a garden.

Households in Australia are very diverse and due to the multicultural society families may come from a range of cultural backgrounds and have different types of family. All homestay families will speak English in the home and their house will be located in an area well linked to the CBD by public transport.

### What is included?

Depending on the family that you stay with, facilities will vary but you are guaranteed to have your own furnished bedroom. Most meals are provided as well as Internet and household cleaning is covered but you will be expected to keep your own room tidy.

Homestay usually costs between \$250.00 and \$390.00 per week depending on the location of the house, the facilities and the number of meals provided.

### How to book homestay

Ashton College works with a homestay provider called 2Stay Accommodation Group (<https://www.2stay.com.au/>). This company has over 10 years' experience in accommodating international students in modern, comfortable and secure accommodation.

They have a range of families registered with them who welcome international students into their homes yearly. If you would like to live with a family

while you study, please contact Ben Yang Cao at Ashton College ([support@ashtoncollege.edu.au](mailto:support@ashtoncollege.edu.au)) and he will assist you in making the necessary arrangements with a family you will feel at ease with.

## Entertainment

**Y**ou are coming to Victoria primarily for quality education but your time here can also be fun and exciting. Your classmates and/or homestay family will want you to share in many enjoyable activities nearby and across Victoria. Your new friends may be interested in a variety of things available such as outdoor activities (bike riding, swimming, hiking), eating out, movies or exploring what the city has to offer.

Victoria is famous for being the "Sporting Capital" of Australia and many of its residents are particularly passionate about Australian Football (AFL) seeing as it is home to the highest number of teams in the country. It is easy to attend a match or choose a team to follow.

You may be invited to play sports, join music or drama groups - the list is endless! If you would like more information on the many activities available to you, please ask a member of the student services team or visit

<https://www.visitvictoria.com/Regions/Melbourne/Things-to-do/> for an extensive and in depth list.

## Time Zone

**M**elbourne is within the Australian Eastern Standard Time GMT+10 (AEST) international time zone. In the warmer months of the year, clocks are moved forward one hour for Daylight Savings. You can compare the time difference with your home country at any time at <https://www.timeanddate.com/worldclock/>.

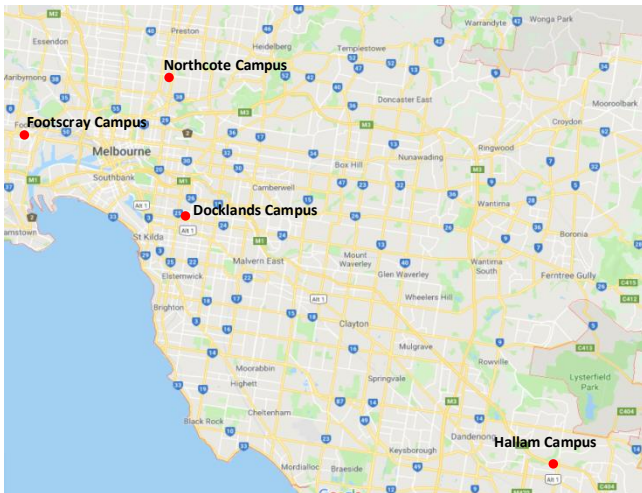

## Orientation Day

**A**shton College runs an Orientation Day for all new students. This is typically held the week before the start of their course and the date is communicated to students in advance via a Welcome Letter emailed to them. Students learn about Ashton College, course structure, take tours of the campus, collect their books and timetables and meet some of their future classmates at orientation day.

It is very important that all students attend orientation for many reasons including to learn how to get the most out of their entire study experience.

The Pre-Training Review, LLND Test and Enrolment forms are used to collect the information that will be analysed to determine if the course is appropriate for addressing the students' learning needs.

## Individual Learning Needs

**P**rior to applying to undertake a course, students are encouraged to think about their individual learning needs. Students should then consider all the information provided in this handbook and decide whether the course, training and assessment methods and support mechanisms are appropriate for addressing their individual learning needs. Learning needs can mean different things to different people. Some examples of individual learning needs may relate to/ be the result of:

- Intellectual, psychological, physical or medical conditions or have vision or hearing impairments.
- Family, work or personal commitments that impact study
- Poor experiences encountered when undertaking previous studies at or since leaving school
- Why you want to undertake the intended course e.g. to access further study or employment opportunities
- The amount of time you have available to study per week (e.g. 20 hours) or the duration of time you have to complete a course e.g. 1 year. Please refer to applicable course page on Ashton College website.
- Preferred learning style/s. Some people learn best through reading, listening or watching, some through working independently as opposed to in groups with others. Some people learn best when completing practical activities and/ or learning on the job. Some people learn best when undertaking a variety of learning methods identified above.

- Existing knowledge, skills and experience relevant to their intended course of study

Prior to submitting an enrolment application all students should read this handbook in full and visit Ashton College website for course and applicable policy information. Particular attention should be paid to the sections that outline how Ashton College and the specific course in which you are interested could address your learning needs. e.g. Read the section on the type of academic support that is available to support students who have problems understanding the terminology in a subject and/ or with homework.

Course information pages on Ashton College website provide details e.g. course aims, course durations and course demands per week, types of learning and assessment methodologies, further study and employment opportunities on successful course completion. Students should think about whether the course and support mechanisms address their learning needs.

Students should note that course delivery and assessment methodologies, duration and many other aspects of a course can be amended (where feasible) to address individual learning needs.

Students should consider whether the support mechanisms outlined in this handbook and Client Support Policy and Procedures are appropriate for supporting their individual learning needs. e.g. Sometimes being provided access to modified training materials address specific needs or being provided extra time to complete a task allows students to appropriately address the assessment requirements.

During enrolment, students will be asked to identify any individual learning needs that require support during their course. It is recommended that students provide Ashton College full details that will enable us to identify whether we can appropriately address your individual needs and if so, how this can be achieved.

Ashton College encourage students to contact them and discuss any specific learning needs they may

have and if/ how these can be supported during their studies.

## Recognition of Prior Learning (RPL)

All students are provided with the opportunity to have their prior learning and experience assessed and gain recognition for it (Recognition of Prior Learning). This experience may have been gained from employment, previous formal training undertaken or life experience. The RPL process will match a student's experience to the requirements in a unit of competency and assess if recognition can be granted.

Students may apply for RPL by submitting evidence of competency against the unit of competency performance criteria, knowledge and skills requirements. The CT/RPL application form is available on request from the Admin department.

## Credit Transfer (CT)

Ashton College recognises qualifications and statements of attainment issued by other Registered Training Organisations in Australia. Students who have successfully completed entire units of competency contained within one of our courses with another provider can apply for credit transfer/s.

Both processes allow the students to reduce the time, study load and cost associated with achieving a qualification.

## Training and Assessment

### Training Guarantee

**A**shton College will take all reasonable steps to ensure we provide the applicable course/s to a student once the enrolment has been confirmed. In the unlikely event of the College being unable to fulfil its commitment to provide a course at the agreed date it will offer the student a full refund or re-schedule the course. Ashton College takes a collaborative approach with students and provides support to facilitate the successful completion of their course within agreed timeframes.

Ashton College implements an effective policy and procedure to ensure that it delivers current AQF training package and accredited courses. This policy and procedure ensure new training package and accredited courses will be implemented within 12 months of their introduction and that students are fully informed of the process and subsequent arrangements.

### Training and assessment process

**T**raining is based on competency standards that outline the skills and knowledge to be applied in the workplace. Training is about assessing existing competence, developing the required competence and preparing people for assessment against specified competency standards.

All of our nationally accredited courses are designed in compliance with the guidelines of the relevant AQF training package. The course content and delivery methodologies accurately reflect the specifications outlined in the relevant AQF training package unit of competency.

Students are provided the opportunity to undertake full time and sometimes blended delivery modes for most courses. Please refer to course information pages for further details.

Delivery and learning methods are tailored for each particular course to develop student's knowledge and skills so they are able to confidently perform associated tasks in the workplace on completion of their course.

Delivery and learning methods may include presentations, individual and group work activities,

case studies, projects and practical demonstrations. Delivery will take place at our campus, training/workshop centre(s) and will involve a mixture of classroom and simulated work-based environments to develop competency.

### Assessment

**S**tudent's performance in vocational courses (award courses) is assessed in accordance with the guidelines outlined in the relevant AQF training package unit of competence. This may be in the form of answering questions in writing, verbally, keeping log books or through practical demonstrations of knowledge and skills developed.

Each unit of competency will normally involve two or three assessments which will be individually marked as satisfactory or non-satisfactory. All assessments must be satisfactory for the unit to be marked C – Competent. If the assessments are not satisfactory then the unit will be marked as NYC – Not Yet Competent.

Students are given 2 attempts for re-assessment. If they are still unable to demonstrate competency at this point (NYC) they must re-enrol and undertake the training again. This will incur a re-assessment fee.

The assessment process will be explained at the orientation session and will be available upon request to your assessor.

### Course progress - VET Courses

**A**shton College monitors students course progress and provide assistance if a student is experiencing difficulties and not progressing through their course as per the course schedule.

Access to academic, personal/ welfare and English language supports services is provided to assist

Students identified as 'at risk' of not maintaining satisfactory course progress will be placed on an intervention strategy to help them achieve satisfactory course progress.

It is a requirement of your student visa to maintain satisfactory course progress. If you do not successfully complete 50% of the scheduled units in your course over two successive terms you will be reported to Department of Home affairs (DHA) which may lead to cancellation of your student visa.

## Pre-Arrival Guide

### Coming to Melbourne

The idea of moving to a new place can be intimidating but exciting. It may fill you with joy or with nerves! Melbourne is a city filled with opportunities and can be a brand-new world.

The process of settling in may take days, weeks, or months. **Preparation** is a must. **Research** Online. Build up your ideas and **knowledge** of **how things will work** when you move to Melbourne. Collect information on **schools, accommodation, food and entertainment, health services**, travel, etc.

This section contains some tips and items that you can do before you travel to Melbourne which may help you feel at home far sooner.

### Part 1 - Visa Compliance

#### Applying for your student visa

As an international student, you will require a student visa to come to Australia and study at Ashton College. Student visa applications may take a few months to finalise depending on the requirements set out by the Department of Home Affairs (DHA).

#### Visa conditions

Once your student visa application is approved, you will be provided with a Visa Grant Notice Letter by the Department of Home Affairs. This document provides details of terms and conditions of your student visa. A list of visa conditions are provided which you must comply with at all times. It is highly advisable that you read and ensure you understand your visa conditions before coming to Australia.

#### Your address in Melbourne

A very important condition of your student visa is that you must provide Ashton College with your local address in Melbourne within 7 days of arriving. If you need assistance in gaining accommodation, please email [support@ashtoncollege.edu.au](mailto:support@ashtoncollege.edu.au). If you change your address, phone number or email address at any time

during your enrolment period with us, you must provide us your new details within 7 days.

#### Work while you study

Most student visas allow you to work up to 40 hours in every 2-week period (20 hours per week) while your course is in session or during a term and unrestricted hours when your course is on a scheduled term break or if it is not in session. Before you begin any paid job, you must make sure that your visa allows you to work and when. If you brought any family members with you, they can work up to 40 hours in a 2 week period provided you have started your course.

#### Study rights of your partner

Your partner/spouse can study for up to 3 months in Australia while you are studying. If your partner/spouse wishes to undertake a course for more than 3 months, they must apply for their own student visa. They can do this onshore in Australia.

#### Length of Stay

Your student visa allows you and your family members to stay in Australia for the duration of your course. However, your family members cannot stay once you have left the country, or your visa has been terminated.

For the detailed list of Student Visa (500) conditions and checking your eligibility, we suggest that you contact the Department of Home Affairs. The contact details may be found from the website [www.homeaffairs.gov.au](http://www.homeaffairs.gov.au).

### Part 2 - Plan Your Departure

#### Book your flight

Once you have been granted your student visa, it is time to book your flight. Make sure that you check in early at the airport.

If there are any delays with your travel it is important to let us know - please send an email detailing this to [support@ashtoncollege.edu.au](mailto:support@ashtoncollege.edu.au).

#### Book your accommodation

Finding the right accommodation at the right price can be a challenge. It is good to do some research online to get some ideas. For example, the website

[www.realestate.com.au/rent](http://www.realestate.com.au/rent) has information and listings.

You may find it helpful to arrange short term accommodation (for approximately 3 to 4 weeks) in a local hotel or serviced apartment before you arrive in Melbourne. There are a few advantages to pre-booking your accommodation, specifically you will know exactly where you will be staying and can plan your journey from the airport before you leave your home country.

Ashton College can help you with booking your accommodation. Please contact student support by emailing [support@ashtoncollege.edu.au](mailto:support@ashtoncollege.edu.au). The fee is stated in the "Fees" section of this handbook.

For more information about renting a house/apartment/room, please visit Consumer Affairs Victoria - Housing and Accommodation:

### Bringing your family

Most student visas allow you to bring your family members with you to Australia as your dependants. It is important that you check your individual circumstances with the Department of Home Affairs (DHA). Family Members include your spouse and your dependent children or your spouse's dependent children.

Before you bring your family members to Australia, you will need to prove that you can support them financially. The cost of supporting a family in Australia is high in comparison to other countries. You should take this into consideration before you think about bringing your family members.

#### Things to consider:

- The cost of airfares for your family to and from Australia
- Possible higher rent for a larger home
- Limited employment opportunities for your spouse
- Extra costs for food, clothing, bills etc
- The effect on you and your studies if your family is not happy in Australia
- How your children will adjust to going to school in Australia

- Waiting lists for childcare centres and schools
- Whether you should come alone to Australia first to make arrangements for your family, or should you all come together at the same time

### Child Care

If you are going to bring your family to Australia it will be useful to research childcare facilities and/or schools (depending on the age of your children), as this may also help you determine a residential location. You may have to add your child/children to a childcare waiting list, as they can be very popular. Childcare and associated service fees must be paid by you as the parent.

### Schools

If you are planning to bring your children with you to Australia, you must be aware of the following schooling conditions:

- It is an immigration policy that school-aged dependents of international students undertake formal schooling while they are in Australia.
- Children who have their fifth birthday before April 1st of that calendar year are eligible to start school.
- You will need to provisionally enrol your child in a school before you leave your home country and you may have to pay school fees one semester in advance. The school will issue an electronic Confirmation of Enrolment Form (eCoE) stating the program and it's duration, so that you can obtain the appropriate visa for your child.
- The Australian Diplomatic Mission in your country can tell you which State Schools are registered to take International Students. You must pay school fees for your children in State Schools unless:
  - You have received sponsorship or scholarships from the Australian Government (e.g. the Australian Development Scholarship, IPRS).
  - You hold a higher institution or approved non-government

scholarship. These scholarships must be approved by the State government for the dependents to be exempt from school fees.

- You will be responsible for school fees and other costs including school uniforms, books, excursions and stationary.
- When choosing the most appropriate school for your child/children, it is best to ask questions about the school's curriculum, size, extra-curricular activities, and the size of individual classes.
- You should also take into consideration the distance from the school to your education institution, the suburb in which you intend to live and the method of transport you plan to use.
- When choosing the most appropriate school for your child/children, it is best to ask questions about the school's curriculum, size, extra-curricular activities, and the size of individual classes.

### Airport Pick-Up

Ashton College is able to welcome students arriving to Melbourne and collect them from the airport. You will need to book this service at least 1 week before you are scheduled to land in Melbourne. Ashton

College will then provide you with details of where the College staff member will meet you and any phone numbers you may need. The cost of a one-way Airport Pick-up is \$150.00.

Please email [support@ashtoncollege.edu.au](mailto:support@ashtoncollege.edu.au) to book this service.

### Important things to pack

#### Passport and visa

Your passport must be valid for at least 6 months before you can enter Australia. Make sure that you have your visa documentation (Visa Grant Notice). It is a good idea to keep copies of your passport and student visa in case you lose the original documents.

#### CoE and Offer Letter

You will need your Confirmation of Enrolment (COE) and student information pack, which you will receive from Ashton College before you leave your home country. Bring a copy of your receipt of advance payment also.

#### Overseas Student Health Cover (OSHC)

Airport officials may also ask to see your OSHC when you arrive in Melbourne, so make sure that you have a valid health cover policy before you leave your home country. You must maintain a valid OSHC to cover the full period of your visa. Consult with your OSHC provider about the range of benefits your policy covers. Find more information at the Department of Home Affairs (DHA) website.

#### Travel Insurance

OSHC may have limited cover so you may need to consider travel insurance which may cover cancelled flights, lost documents, dental and optical care, etc.

#### Air Ticket

Check the date and time of departure from your home country and arrival in Melbourne. Keep your air ticket safe and secure along with your passport and visa.

#### Birth Certificate

#### International Driver License (if available)

#### Australian Currency

Although there are many places to exchange currency at Australian airports and elsewhere, it is recommended to have some Australian currency on you before you travel.

## Part 3 - Money Matters

### Your Tuition Fees

Your advance payment at the time of course enrolment is adjusted on your payable tuition fees. The remainder is divided per term and payments are made at the start of the term or on a monthly basis, if you wish to pay by a monthly payment plan.

### Money Transfers

Before you leave your home country, calculate how much money you need to pay for most important and basic needs. There are different ways to transfer money from your home country to Australia:

- Telegraphic transfer (approximately 4 days)
- Draft or mail transfer (approximately 10 days)
- Internet banking or direct debit to your bank account

### Banking

It is advisable to open an Australian bank account to avoid transaction fees, charges and foreign exchange rate costs especially if money is sent to you from overseas.

To open a bank account in Australia, you will need to present the following original documents to satisfy a '100-point ID check' which is a legal requirement. Once you receive a Student ID Card from Ashton College, bring it along with you to the bank so that you can open a student account that does not charge administration fees.

The documents you will need are:

- Passport
- Student ID
- Tax File Number (if available)

Other supporting documents you may need to bring include:

- International driver's license (if available)
- Tenancy Agreement / Proof of Address in Victoria
- Offer Letter and Certificate of Enrolment from Ashton College

### Tax File Number

If you earn money or interest from your bank account and/or you plan to stay in Australia for more than six months, you must obtain a Tax File Number (TFN). Visit the [Australian Taxation Office's](https://www.ato.gov.au) (ATO)

website to apply for one online. Once you receive your TFN, provide the number to the bank so that you are not taxed at the maximum rate. If you intend to work, you must give your employer a Withholding Declaration form from the ATO. At the end of each financial year (June 30th), you will receive a Group Certificate from your employers or Payment Summary which you will use to lodge your tax return.

### Budgeting

Prepare a budget to keep track of your living expenses. The costs that you may have to consider are:

- Food
- Accommodation/Rent

- Rental bond (equivalent to one month of rent in advance (refundable))
- Utility connections and regular utility bills
- Phone and internet usage
- Furniture and household items
- Transportation
- Recreation/entertainment
- Childcare / Child school fees (if applicable)

### Saving Money

Make the most of student concessions and discounts to help you save money. They may include:

- Rent
- Rental bond equal to one month rent in advance (refundable)
- Furniture and household items
- Connecting and using utilities
- Food
- Transport costs
- Phone and internet usage
- Recreation/entertainment
- Childcare/school fee

## Part 4 - Rights of international students

### Renting in Victoria

All international students should note that reports of landlords taking advantage of international students are not common, however it is important that international students know that they have rights and are aware of how to exercise them.

Consumer Affairs Victoria, the state's authority that provides information to consumers on renting, has a few handy tips to newly arrived students looking from accommodation:

- Yes, you are an international student - but you have the same renting rights as all Victorians.
- You have travelled to Victoria to study, so why not learn more about your renting rights and

responsibilities at  
<https://www.consumer.vic.gov.au/internationalstudents>

- Renting advice videos in 12 languages are available on Youtube [www.youtube.com/consumervic](https://www.youtube.com/consumervic)

Understanding of renting rights and responsibilities are key to ensuring a smooth transition to life in Victoria and finding a suitable place to live.

For all of the information and guidance you will need please visit <https://www.consumer.vic.gov.au/internationalstudents>

## Beach Safety

Millions of people visit Australia's beautiful beaches every year to enjoy the environment and participate in different activities. Although Australian beaches may look amazing, they can be unpredictable and dangerous to anyone. You will find some very helpful advice from Lifeguards on beach safety, to ensure you enjoy your visit to the beach and stay safe! More useful information can be found from the website [www.beachsafe.org.au](http://www.beachsafe.org.au).

## Attendance

Ashton College advise students to attend all of their scheduled classes. We recognise that sometimes students may be unable to attend due to unforeseen circumstances. If for any reason students are unable to attend all of part of a planned class, they are requested to contact Student Services or their teacher/trainer on 03 9349 2344.

## Privacy

Ashton College will treat all students' personal information confidentially and will not disclose any details to a third party without their prior written consent. \*\*

Ashton College takes the privacy of our candidates very seriously and we will comply with all legislative requirements. These include the Australian Privacy Principles (APPs), refer to website: <https://www.oaic.gov.au/privacy/australian-privacy-principles>

*\*\*Except where required to provide details under its commitment to the regulatory body, NCVER, ASQA, The Australian Department of Home Affairs, The Australian Department of Education or by Law.*

## Access to Records

Students may access their personal records free of charge at any time by contacting Student Services by emailing [support@ashtoncollege.edu.au](mailto:support@ashtoncollege.edu.au). The Client Services Manager will arrange an appointment within 5 working days to view the records and ask the student to bring confirmation of identity. Driver's license/Passport is best.

## Academic Misconduct

Students are required to adhere to the Ashton College Code of Conduct. If a student is found to have acted in a way that Ashton College deems to be misconduct, it may impact their successful completion of the course.

As outlined in the Code of Conduct and in line with the Academic Misconduct Policy and Procedure, students are expected to approach learning and assessment activities in an ethical manner. At Ashton College our students are expected to conduct themselves with integrity and do not engage in cheating, plagiarism, or collusion. Cheating, plagiarism, and collusion can occur when there is confusion about what the definitions of each actually are. The following information is intended to provide guidance to ensure that confusion is mitigated.

### Cheating

Cheating is the use of any means to gain an unfair advantage during the assessment process. Cheating may be (but not limited too) copying other students answers, using mobile phones or other electronic devices during closed book assessments, bringing in and referring to pre prepared written answers in a closed book assessment and referring to texts during closed book assessments amongst others.

Cheating in any form during assessments will result in the student's assessment submission being invalidated.

### Plagiarism

Plagiarism is the submission of somebody else's work as one's own. This may include copying all or part of another person's thoughts or ideas and representing them as one's own. If a student fails to identify the original source of some or all the submission this also constitutes plagiarism.

If a student copies another student's work and submits it as their own, this is also a form of plagiarism and cheating.

During assessment students will read about ideas and gather information from many sources. When students use ideas in assessment tasks, they must identify who produced them and in what publications they were found. If they do not do this, they are plagiarising. If students are including other people's work in submissions e.g., passages from books or websites, reference should be made to the source.

Submitting plagiarised work during assessments will result in the student's assessment submission being invalidated.

For further information on what constitutes plagiarism please refer to: <https://www.plagiarism.org/>.

### Collusion

Collusion is the presentation by a student of an assessment as one's own which is in fact the result in whole or in part of unauthorised collaboration with another person or persons. Collusion involves the cooperation of two or more students in plagiarism or other forms of academic misconduct or cheating. Both collusion and plagiarism can occur in group work.

Unauthorised collusion during assessments will result in the student's assessment submission being invalidated.

Cheating and/or plagiarism and/or collusion during assessments will be treated as a breach of Ashton College's Code of Conduct and is deemed to be 'Academic Misconduct' and may lead to the student being removed from the course and their student visa being affected.

If students have been found to have colluded, cheated or plagiarised, there are penalties and processes that are followed. Students may be penalised by any of the following ways as:

- be reprimanded
- be required to repeat the assessment or complete a new assessment task
- fail all or part of the unit
- have their enrolment cancelled

Please refer to the Training and Assessment and Academic misconduct policies and procedures and the Assessment moderation recording document for further details.

## Complaints and Appeals

If students have an issue with any aspect of their course they should bring this to the attention of their teacher/trainer or another Ashton College staff member. Ashton College staff will attempt to resolve this in an **informal** manner to the student's satisfaction.

If the student is **not satisfied** with the outcome of the **informal complaint**, they may lodge a **formal complaint**. This will be dealt with in accordance with the complaints and appeals policy, also located on our website.

Students have the right to appeal the outcome of a complaint or the outcome of assessment decisions if they are dissatisfied and feel they have been dealt with unfairly. The appeal will be dealt with in accordance with the complaints and appeals policy and procedure located on our website.

If submitting a formal complaint or appeal form students must provide reasons and supporting evidence justifying their grounds for the complaint or appeal.

If the student is still dissatisfied by the outcome of an internal appeal/formal complaint, they have the right to the external complaints or appeals process by contacting the **Overseas Student Ombudsman**.

### The Overseas Student Ombudsman

The Overseas Student Ombudsman is an independent external party, and they review case to identify if the College has followed the correct process as stated in the complaints and appeals policy in handling the complaint or appeal.

The office of the Commonwealth Ombudsman investigates complaints that international students lodge against private education providers. The service is free of cost. For more information or to access their services please visit [www.ombudsman.gov.au](http://www.ombudsman.gov.au).

Students have the right to seek advice from and be represented by external parties at any time during the complaints and appeals process. The cost of this will be borne by the student.

## Complaints and Appeals Flowchart

Approach your teacher/trainer or a member of the student services team to tell them about your complaint/issue.

They will try to offer advice and resolve the issue for you informally.

Complaint Resolved

Not Resolved

If the complaint/appeal is still not resolved, you can submit a formal complaint by submitting a Complaints and Appeals form to Student Services. These forms are available on our website ([www.ashtoncollege.edu.au](http://www.ashtoncollege.edu.au)) and from student services at our Footscray Campus and submitted to [support@ashtoncollege.edu.au](mailto:support@ashtoncollege.edu.au).

The complaint/appeal will then be assessed by the Client Services Manager, Academic Director or relevant member of staff and the outcome communicated to you in writing within 5 working days. Support meetings will be held with the student if necessary.

Complaint Resolved

Not Resolved

If you are not satisfied with the formal complaint/appeal process, you can lodge an external appeal with the Overseas Student Ombudsman online by visiting [www.ombudsman.gov.au](http://www.ombudsman.gov.au).

They will independently review all of the evidence from both sides and make a recommendation based on their findings.

## Completion within expected duration

Students are required to complete their course within the expected duration as indicated on their CoE. The College only extends the duration of a student's enrolment if the compassionate or compelling circumstances in the section above 'Amending your enrolment' exist or if a student is at risk of not achieving satisfactory course progress and the College is implementing its intervention strategy that requires the period of study to be extended.

For more information on policies and procedures please refer our website. [www.ashtoncollege.edu.au](http://www.ashtoncollege.edu.au).

## ESOS framework

The *Education Services for Overseas Students Act 2000* (ESOS Act)—and associated legislation—form the **ESOS Framework**.

This is the legal framework for the provision of education services to overseas students and sets out the **registration requirements** and the **ongoing standards** for education providers that offer courses to overseas students.

The framework provides a consistent national approach to the registration of education providers so that the quality of the training, and the care of students, remains high.

For further information, please visit <https://internationaleducation.gov.au/Regulatory-Information/Pages/Regulatoryinformation.aspx>

### The Tuition Protection Service (TPS)

- Missing students
- Severe verbal or psychological aggression
- Death, serious injury or any threat of these
- Natural disaster
- Issues such as family violence, sexual assault, drug or alcohol abuse
- Other non-life-threatening incidents may still qualify as critical incidents.

The critical incident policy and procedure ensures that clients and College staff are provided appropriate support and information during the management of critical incidents.

The Critical Incident policy and procedure is implemented in compliance with the requirements of the Standards for Registered Training Organisations (RTOs) 2015 and the National Code 2018 Standard 5 and standard 6.
